

# Salt Malawi

A Christian project saving lives in Malawi

## Newsletter

April 2021

In Malawi 2021 started with another two new church buildings being provided with a roof, at Makala (below left) and in the village of Yamwala near Kasungu (below right).

The Church of the Disciples of Jesus carried out Mercy Work in a number of different districts providing maize, blankets and soap to people in need. (6 photos below).

Leaders from the Church of the Disciples of Jesus have continued to make visits to their churches to encourage and teach them. These photos show Joseph's team from Kasungu (above left) and the church at Mbozi (above right).

The trustees of SaltMalawi are at present giving careful consideration to ways in which we can help further the work in Malawi. We are providing finance for 120 Bibles in the Chichewa language to be distributed among the local churches. This fairly small number reflects to some extent the low level of literacy in rural Malawi. Recipients of the Bibles will be asked to make a small contribution towards the cost to ensure that they are valued.

We are also hoping to be able to help finance the better education of some of the children of the leaders plus some orphans.

And we are aiming to finance the provision of a number of bicycles and small motor bikes to help the local leaders to more easily visit the churches in their care.

Baby Chisomo (right) continues to thrive.

At the end of March a number of different branches of the church got together in the village of Khoswe to celebrate the baptism by immersion of 34 believers (above).

Please pray for the ongoing work of the Church of the Disciples of Jesus. For the believers freshly baptised to grow in their faith and witness as they have returned to their home churches. And for all the other churches and their ministry in rural villages.

Julian writes, "Caroline and I (but mainly myself) feel that we have been hibernating a little during this long winter as the photo shows (right). As lockdown eases and we are beginning to see people and family once again it seems that we are returning to a more normal pattern of life. Our thoughts are turning to a possible visit to Malawi in the autumn or next winter, as God allows. In the meantime we wish to use our gifts in His service as opportunity presents itself. Please pray for us as we look for such opportunities during the next few months. We thank you for upholding us over the last difficult season. Bless you all."
